CAREER OBJECTIVE

Flexible IT professional with experience across IT support, UI/UX design, and frontend development in university, corporate, and international environments. Skilled in service desk support, troubleshooting, Microsoft 365, and device deployment, combined with strong capabilities in user-centered design, prototyping, and web development (HTML, CSS, JavaScript). Known for delivering user-friendly solutions, maintaining calm under pressure, and bridging the gap between technical systems and user experience.

CORE SKILLS

IT SUPPORT & SYSTEMS

- Service Desk & End-User Support
- IT Asset Management & Documentation
- Active Directory & User Administration
- Hardware Deployment & Troubleshooting
- Networking Fundamentals (DNS, DHCP, VPN)
- Remote Support (RDP, TeamViewer)
- Windows 10/11, Microsoft 365 (Outlook, Teams, SharePoint)

UI/UX & FRONTEND DEVELOPMENT

- UI/UX Design (Figma, Adobe XD, Photoshop)
- Wireframing & Prototyping
- User Research & Usability Testing
- HTML, CSS, JavaScript
- Responsive Web Design

PROFESSIONAL EXPERIENCE

Airco Fasteners Pty Ltd, Dandenong South
IT Support Assistant (Full-time Contract Cover) **Jan 2026 – Mar 2026**

Key responsibilities:

- Covered the IT support function during the permanent team member's medical leave, supporting head office, warehouse, and interstate users across day-to-day IT operations.
- Deployed and configured laptops, mobile devices, and peripherals for new starters
- Installed and supported user access for business systems including Microsoft 365, Salesforce, SAP, Phocas, TeamViewer, and shared mailboxes
- Performed remote and onsite troubleshooting for printers, Wi-Fi, storage, network ports, VLAN connectivity, and warehouse technology, including RF scanners and label-printing environments.
- Assisted with backup operations in the server room, investigated Veeam backup failures, gathered evidence for VMware-level escalation, and documented findings clearly for management review.
- Maintained IT asset registers and improved onboarding documentation (SOPs)

Monash University eAssessment, Clayton
IT Support Officer (Casual) **Jun 2025 – Dec 2026**

Key responsibilities:

- Provide phone-based IT support to students during online and on-campus exams, assisting with microphone, webcam, VPN, and Safe Exam Browser issues under strict time pressure.
- Use Cisco soft phone, Slack channels, and issue-logging systems to manage incidents, document resolutions, and escalate complex matters to Tier 2 support when required.
- Maintain calm, professional communication during high-stakes exam periods, helping students continue assessments with minimal disruption.

Monash University, Clayton

IT Support Officer (Internship) **Mar 2025 – Jun 2025**

Key responsibilities and achievements:

- Rotated across North-West and South-East service teams and eAssessment, working with senior IT staff on campus support, phone support, hardware deployment, and documentation tasks.
- Set up workstations, reimaged laptops, configured monitors and docks, collected e-waste, and assisted staff with phone, software, and device issues across multiple university buildings.
- Supported operational and administrative IT tasks, including Google Sites updates, FAQ content design, WWCC/recruitment checking, spreadsheet work, and service process documentation.
- Shadowed and assisted technicians on phone support, service callouts, and issue logging, building strong practical experience in customer support, escalation workflows, and incident follow-up.

Freelance, Cambodia
UI/UX Designer (Part-time) **Apr 2021 – Jun 2022**

Key responsibilities and achievements:

- Designed wireframes, prototypes, and responsive interfaces using Figma & Adobe XD
- Conducted user research and improved user experience through iterative design
- Delivered UI solutions aligned with client goals and usability standards
- Created high-quality mock-ups and improved website usability

VTI Corporation, Vietnam
Frontend Android Developer (Internship) **Nov 2020 – Feb 2021**

Key responsibilities and achievements:

- Contributed to an online banking app using Java, XML, and Firebase
- Developed UI components and supported full development lifecycle
- Participated in testing, debugging, and version control (GitLab)

EDUCATION

Deakin University, Burwood **NOV 2021 – JUN 2023**
Master of Information Technology (Software and Service Development)

Deakin University, Burwood **MAR 2019 – JUL 2021**
Bachelor of Information technology (Application Development)

PROFESSIONAL DEVELOPMENT

Monash Professional Pathways, Monash College **Jun 2024 – Jun 2025**
Professional Year in ICT
This course aims to develop Australian workplace readiness in graduates.

PROFESSIONAL MEMBERSHIP

- Australian Computer Society (ACS), Student member **JUN 2024 – Current**
